REZBUILD

The REZBUILD project (REfurbishment decision making platform through advanced technologies for near Zero energy BUILDing renovation) grows with the main aim of defining a collaborative refurbishment ecosystem focused on the existing residential building stock

ENERGY REDUCTION

TIME SAVING

RAPID PAYBACK

Towards an innovative and collaborative refurbishment ecosystem for Europe

REZBUILD will address these challenges by opening the construction sector with the integration of innovation technologies

DEMO BUILDINGS

SINGLE-FAMILY BUILDING LOCATED IN MADRID (SPAIN)

TERRACED HOUSE BUILDING LOCATED IN VENICE (ITALY)

APARTMENT BLOCK BUILDING LOCATED IN OSLO (NORWAY)

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement 768623.
